

## Senior Satos Thrive at VHS

*Senior Satos Thrive at VHS Thanks to Grey Muzzle Support*

Everyone loves a puppy. And they are quickly adopted.  
But loyal, loving, older dogs deserve happy endings, too.

Some are deserted because they need more care.  
Others have been loved & left behind when their owners die.  
Some are pets in loving families who can't afford their veterinary needs.

Thanks to a grant from The Grey Muzzle Organization, senior satos on a small, underserved island who need shelter, medicine, veterinary care, rehoming, and love have their second chances at Vieques Humane Society. VHS is the first-ever Grey Muzzle animal welfare grantee in Puerto Rico.

Even though they are sugar faced, a little toothless, or suffer an ache or two—senior dogs have love to give and lives to share. These young-at-heart pups deserve comfort and care in their later years. As the only open admission animal shelter on the island of Vieques, no senior dog is turned away, thanks to Grey Muzzle.
